EXPERIENCE

DATA ANNOTATOR (PROCESS ASSOCIATE)
HAN Digital Solutions Pvt Ltd | Bangalore | 2024 - 2024

As a detail-oriented Data Annotator, I specialize in accurately labeling and categorizing data to enhance machine learning models. My strong analytical skills and understanding of various data types allow me to improve model performance and ensure high-quality outcomes. I thrive in collaborative environments, working closely with cross-functional teams to deliver precise annotations that drive innovative AI solutions.

LANGUAGE INTERPRETER
Teleperformance | Gurgaon | 2024-2025

Provided interpretation services in diverse settings, facilitating communication between clients and stakeholders. Worked effectively in meetings and conferences, ensuring accurate and clear translations that enhanced understanding and collaboration among parties speaking different languages.
