## EXPERIENCE

---

### AI ML DATA PROCESSOR

Aug '24 — Jan '25

Amazon

Remote

- Adapted to evolving AI technologies and tools, providing input to optimize workflows and processes.
- Performed precise data labeling and annotation for machine learning models to improve AI accuracy and decision-making
- Conducted quality assurance checks on data, ensuring high standards of accuracy and consistency in datasets used for model training.

### Data Science(Intern)

Nov '22 — Feb '23

Abha biotechnology

Noida

- Cleaned and processed large datasets using Python and SQL.
- Collaborated with a team to design and implement data-driven solutions .
- Conducted extensive data cleaning, preprocessing, and feature engineering to ensure high-quality datasets for analysis.

## EDUCATION

---

**Bachelor in Information Technology**, Dr. Akhilesh Das Gupta Institute of Technology and Sep '20 — Aug '24  
management (GPA: 9.23) India

## AWARDS AND ACHIEVEMENTS

---

**Smart India Hackathon 2023 participant**

**Google Cloud Program 2021 participant**

**Completed Summer Analytics Course in Data Science**

IIT Guwahati

**Certified in Data Analysis in Python**

Free Code Camp

## PROJECTS

---

### Diwali sales exploratory data analysis using Python

- Analyzed large datasets of Diwali sales using Python and data analysis libraries such as Pandas and NumPy and also conducted data cleaning and preprocessing
- Created visualizations using libraries like Matplotlib and Seaborn to effectively communicate findings to stakeholders.

### Power Bi Dashboard Project

- Developed interactive and visually appealing PowerBI dashboards to analyze complex datasets
- Gathered and transformed data from multiple sources to create comprehensive visualizations
- Designed and implemented data models and calculations to ensure accurate and meaningful insights.

## SKILLS

---

**Data Analysis** SQL, MS- Excel, Python, Python libraries

**Data Visualization** Power Bi, Matplotlib, Seaborn

**Statistical Techniques** Descriptive Analysis, Regression Analysis, Inferential analysis

**Data Management** Data Wrangling, Database Management

**Interpersonal Skills** Problem Solving, Attention to detail, Communication, Time management
