

ANCHAL GUPTA

Support Analyst

📞 8743085096 @ agupta2497@gmail.com 📍 Dharuhera, Distt - Rewari, Haryana

SUMMARY

I am a skilled professional specializing in AML and due diligence, dedicated to ensuring compliance and operational efficiency. With a strong foundation in managing client data and a background in fraud investigation and transaction monitoring, I am eager to contribute to mitigating money laundering risks globally. My analytical skills and commitment to continuous learning position me to make a significant impact in the field

EXPERIENCE

Support Analyst

Teksystems Global Services Private Limited deployed at American Express

📅 10/2024 - 04/2025

A global provider of IT services focused on staffing and consulting

- Investigated fraud referrals and performed research to minimize risk and resolve inquiries
- Reduced false positive alerts through effective implementation of risk-based monitoring systems
- Performed ongoing reviews of customer accounts, identifying changes in behavior indicative of potential money laundering risks
- Reviewed and analyzed alerts generated by the bank's detection systems
- Made informed decisions on whether an alert is suspicious or not suspicious according to company policies
- Documented the decision-making process for each alert clearly
- Escalated suspicious alerts to the Level 2 Investigation team for further review
- Reported to regulatory bodies like FIU and FINCEN
- Stayed updated with the latest trends and patterns in financial crimes

Process Developer

Genpact India Pvt. Ltd

📅 02/2022 - 08/2024

A global professional services firm focusing on business process management

- Worked in different projects including Transaction Monitoring Process (TMP), Unusual Matter Report (UMR), SAR Filing
- Conducted Enhanced Customer Due Diligence, Transaction Monitoring, Screening, and SAR Filing
- Detected and escalated transactions sent by frontline managers from the bank branches
- Supported onshore (client) team to deliver training sessions with the offshore team
- Conducted trainings for new hires and assisted in their quality control
- Managed triage and reports of the team
- Joined as Process Associate and got promoted as a Process Developer
