## INTERNSHIP & PROJECTS

### BRILLICA SERVICES

July-January

Internship Trainee at Brillica Services (Dehradun) as a Data Analyst performed on tools like Advance Excel, Dashboard creation, Conditional formatting, ETL.

#### 1. Rail Analysis (Power BI)

- Developed a Power BI dashboard for National Rail to identify popular routes, peak travel times, and revenue trends.
- Identified the **busiest travel routes** and **peak travel times** in the morning and evening.
- Diagnosed delays and cancellations**, pinpointing weather conditions and signal failures as key issues affecting performance.

#### 2. Streaming Insights Analysis (Netflix Dataset in Tableau)

- Built a Tableau dashboard to **analyze streaming trends**, highlighting TV-MA as the top rating and peak movie releases in 2018.
- Revealed content distribution**, with movies outnumbering TV shows, and "Dramas" & "International Movies" as leading genres.
- Analyzed yearly trends and patterns to provide **data-driven** insights into viewer preferences and content strategies.

#### 3. Loan Performance Analysis (Tableau)

- Designed a Tableau dashboard to analyze loan performance, **visualizing demographics, loan distributions, branch performance**, and approval trends.
- Identified key insights, including higher loan applications from married customers and traditional branches leading in loan amounts.
- Highlighted **correlations** like age vs. loan size and tracked loan trends over time to uncover actionable insights.
