## Career Objective

---

A motivated B.Tech CSE graduate with hands-on project experience and a strong foundation in problem-solving and communication. Java being my programming language, I also have strengths in teamwork, adaptability, leadership, and presentation and using these skills I aim to contribute effectively while learning and growing in a dynamic and practical work environment.

## Relevant Courseworks and Interests

---

- Object Oriented Programming Concepts
- Data Structure and Algorithms
- Basic Fundamentals of Computer Networks

## Education

---

Pranveer Singh Institute of Technology, B.Tech in Computer Science and Engineering Nov 2021 – July 2025

- Percentage: 65.11/100

Mercy Memorial School, High School 2018 – 2019

- Percentage: 78.4/100

Mercy Memorial School, Intermediate in Science with Mathematics 2020 – 2021

- Percentage: 80/100

## Projects

---

### Chorea and Parkinson's Disease Prediction System

- AI-based system to predict whether Chorea or Parkinson's on the basis of early symptoms.
- Uses Machine Learning Models.
- An user friendly and cost effective tool for early diagnosis in rural areas.

### Funds Exchange Forfeit Prediction

- A predictive model to analyze forfeiture risks in fund exchanges based on historical data
- Based on analysis of past financial data.
- Based on AI and ML.

## Skills

---

- Problem Solving and Logical Thinking
- Critical Reasoning
- Effective Communication (Written and Verbal)
- Leadership and Team Collaboration
- Creative Writing

## Certificates

---

- Data Structures and Algorithms using Java course completion by Infosys Springboard
- Time Management course completion by Infosys Springboard
- EF SET Certificate- standardized English proficiency test
