

KAILAS VA

Data Science Graduate

+91 9446759737 | kailasunni13@gmail.com | LinkedIn: [Kailas Anil](#)

PROFILE

Dedicated and highly adaptable Data Science graduate with hands-on experience in developing machine learning and deep learning models, achieving up to 92% accuracy. Demonstrated proficiency in meeting deadlines and delivering high-quality results with hands-on experience with real world projects and internships. A collaborative team player with excellent communication skills, ready to contribute to dynamic data-driven projects and environments.

SKILLS

Python	NumPy	Machine Learning	Collaborative mindset
Data Science	PyTorch	Unity	Analytics
Computer Vision	Data Collection	R Language	Critical Evaluation

EXPERIENCE

MIC Aug 2023 – Sept 2023

VR And AR Internship

During my internship, I explored Virtual and Augmented Reality, learning C# and Unity to develop a VR world. I concluded the experience by creating a simple 3D game as my project.

Internshala Jun 2024- Aug 2024

Data Science Training

A two-month course diving deep into advanced data science concepts. During this time multiple projects were also completed.

EDUCATION

MGEM Higher Secondary 2020-2022

High School

- Bio-Maths: 89.3%

SRM INSTITUTE OF SCIENCE AND TECHNOLOGY 2022-2025

BCA Data Science

- CGPA: 8.34
-

PROJECTS

Gen AI Content Detection

Developed a multi modal AI detection system based on Transformers capable of distinguishing text and images generated by AI models with a 92% accuracy.

Tumor Detecting AI

Built a Convolutional Neural Network based model capable of accurately identifying lung tumors in patients with 87% accuracy.

3D Game in Unity

Designed and built an interactive 3D game using C# in Unity during a VR/AR internship. Explored concepts of object physics, scene management, and animation.

Data Visualization

Created interactive dashboards visualizing sales and marketing data as part of a Data Science internship.
