EDUCATION

Pranveer Singh Institute of Technology, KANPUR B.Tech in Information Technology	2021 – 2025
St Judes College, Unnao: 12th	2020 – 2021
St Judes College, Unnao: 10th	2018 – 2019

PROJECTS

FashioNook

Developed FashioNook using the MERN stack (MongoDB, Express.js, React.js, Node.js), enabling seamless user interactions and efficient data management. Implemented authentication, product listing, and a responsive UI for an enhanced shopping experience. Optimized backend performance, integrated RESTful APIs, and ensured a scalable, user-friendly fashion e-commerce platform.

Quiz App

Developed a quiz game app using React.js, implementing interactive UI components and state management for seamless gameplay. Integrated dynamic question rendering, timer functionality, and score tracking. Ensured responsive design for mobile and desktop compatibility. Focused on performance optimization and user engagement to enhance the overall gaming experience.

ACHIEVEMENTS

- 5 Star in Hackerrank Problem Solving
- 100+ Coding Questions solved in Leetcode based on DSA
- 100+ Coding Questions solved in HackerRank based on basic programming approach

CERTIFICATES

Full Stack By Udemy	Html , CSS , JAVA SCRIPT Infosys Springboard	PYTHON Coursera
-------------------------------	--	---------------------------

SKILLS

Programming Language : C++ , Python , C, Java Script	Soft Skill : Team Work , Leadership , Goal- Oriented, Communication , Time Managemet.
Technical Skills : Data Structure , React JS , DBMS , SQL , Node Js.	Technologies/Frameworks : HTML , CSS , React JS
