## PROFESSIONAL EXPERIENCE

---

### IT Advisory Intern

**Nangia Andersen LLP, Noida**

*Jun 2023 – Aug 2023*

- Created an IT Vendor Evaluation Model using a custom scoring matrix (cost, scalability, service quality) to streamline client decision-making.
- Conducted a comprehensive IT Risk Assessment for a manufacturing client, delivering a detailed risk matrix and cybersecurity roadmap.
- Supported delivery of a seminar presentation on emerging technologies, collaborating on visuals and strategic content with senior advisors.
- Evaluated software solutions for client use-cases, balancing cost-effectiveness with operational scalability.
- Gained exposure to client-facing work, assisting in requirement gathering, IT audits, and presenting findings to stakeholders.

### Tax & Accounting Intern

**Deloitte Touche Tohmatsu LLP, Gurugram**

*Jan 2025 – Feb 2025*

- Assisted in corporate and business tax compliance processes, including document preparation for Demat account openings.
- Conducted tax research on international regulations, IRS standards, GAAP, and IFRS compliance for multinational clients.
- Analysed financial statements for tax accuracy and provided support in drafting client-specific tax advisory documentation.
- Strengthened knowledge of corporate taxation, including M&A, transfer pricing, and indirect tax structures.
- Developed Excel templates to automate calculations and improve reporting efficiency.

## SKILLS

---

- Gained operational insights into **drop shipping, inventory management, and customer satisfaction** by shadowing and interviewing **Ms. Swatti Mittal (Bigship)**
- Completed the **Startup Incubation and Innovation Workshop** at IIT Kanpur & gained hands-on exposure to business ideation, validation, and pitching.
- Conducted **financial feasibility analysis** and built **forecasting models** using Excel as a part of Security Analysis & Portfolio Management.
- Oversaw **end-to-end operations**, from team formation and strategy to post-match analysis and stakeholder coordination as a co-owner of 2 teams in the Jindal Volleyball League.

## Analytical & Technical Skills

- Conducted **financial feasibility analysis and budgeting** using Excel.
- Built **performance forecasting models** based on historical financial data.
- Used spreadsheets to organize and interpret large datasets for decision-making.
- Created **reports and visual summaries** to communicate key financial metrics.

## ACHIEVEMENTS

---
