## INTERNSHIP EXPERIENCE

BYJU'S, Bengaluru – Sales Executive Intern (Oct 2021 – Dec 2021)

- Prepared and documented client interaction reports, ensuring accuracy in data handling and compliance with company standards.
- Analyzed customer needs and business requirements, strengthening financial awareness and problem-solving ability.
- Collaborated across departments to resolve client queries, enhancing teamwork and reporting skills transferable to audit support.

## PROJECTS

Cost Accounting Project (Dec 2023)

- Assessed total cost structure from raw materials to finished goods, identifying inefficiencies and leakages in cost flow.
- Documented and verified direct and indirect expenses with an audit-style approach, ensuring transparency in reporting.
- Delivered a structured cost report with profitability insights, linking accounting principles to valuation and assurance practices.

Financial Accounting & Ratio Analysis (Sept 2023)

- Analyzed financial statements of real companies to evaluate solvency, liquidity, and profitability using ratio analysis.
- Identified irregularities and potential red flags, strengthening skills in financial risk assessment and assurance reviews.
- Prepared a professional report highlighting company performance trends, structured in line with audit and compliance standards.
