### Transcript Notes

1. IIITB follows a 4-point grading scheme. Students are awarded letter grades in courses as shown in the table below. The grade point equivalent of the letter is also shown in the table.

Letter Grade	A	A-	B+	B	B-	C+	C	D	F
Grade Points	4.0	3.7	3.4	3.0	2.7	2.4	2.0	1.0	0.0
Description	Excellent		Good			Satisfactory		Poor	Failure

2. Cumulative Grade Point Average (CGPA) is the average of the grade points obtained by the student weighted by the credits associated in each of the courses taken by the student. If the grade points awarded to a student are  $G_1, G_2, \dots$  in courses with corresponding credits  $U_1, U_2, \dots$ , the CGPA is given by

$$\text{CGPA} = \frac{U_1*G_1+U_2*G_2+\dots}{U_1+U_2+\dots}$$

3. The minimum Cumulative Grade Point Average (CGPA) required for a student to graduate is 2.4.
4. The normal program duration is 11 to 14 months. Longer duration implies that the learner deferred from a previous cohort.
5. IIITB does not prescribe any formula for conversion of CGPA into equivalent percentage or any other scale.
