CAREER OBJECTIVE

I'm enthusiastic about utilizing my technical expertise and understanding of contemporary IT solutions to foster innovation and enhance productivity. Equipped with a solid background in software development, data analysis, and system architecture, I aspire to make meaningful contributions to a company's achievements. I'm keen on roles that offer avenues for personal and professional development, ongoing learning, and the chance to apply my research abilities to practical problems.

CERTIFICATES

- Java Programming
- NCC 'C' Certificate

PROJECTS

ATM Interface

Created an ATM Interface giving options to withdraw, deposit, check the balance and then gives the option to exit the interface.

Number Game

In this game we have first generated a random number within a specified range and then asked the user to guess the number. Each user/player is given 5 rounds and there are 3 guesses in each round. It's the user's choice if the player wants to quit the game before 5 rounds or wants to continue playing.

Student Grade Calculator

It is a Student Grade Calculator in which the user is supposed to enter the number of subjects followed by marks and then display total marks, percentage along with the corresponding grade.

PROFESSIONAL EXPERIENCE

Decathlon Sports India   Apr 2022 – Sep 2022
