CGPA - Cumulative Grade Point Average

CGPA Letter Grade	A	B	C	D	E	F
Description	Excellent	Good	Fair	Poor	Exposed	Failed
Grade Point	10	8	6	4	2	0

(i) E – In PGDM course, student is allowed to carry only two “E” grades in Mark sheet.

“S’ or “US” Grade - The performance in “Audit-based” subjects, descriptive non-letter grades i.e Satisfactory(S); Unsatisfactory(U); are awarded which carry no Grade Point. Such subject are denoted as “-” in the statement of Grades.

(ii) SGPA: “Semester Grade Point Average” is the performance indicator of the student for that particular semester.

(iii) CGPA: “Cumulative Grade Point Average” is the Cumulative performance indicator of all appeared semesters.

The CGPA which is a weighted average is calculated as per the method given below:

$$\text{CGPA} = (\text{SC1} \times \text{G} + \text{SC2} \times \text{G} + \text{SC3} \times \text{G} + \dots) / \text{Total Credits}$$

Where,

SC = Subject Credit

G = Grade point of the letter grades awarded in the respective subject

When a student repeats a subject, the new grade replaces the earlier one in the calculation of the CGPA.

(iv) Conversion of CGPA to Percentage Marks = CGPA * 10

(eg if CGPA is 7.5 then percentage = 7.5*10 = 75%)
