

**Declaration of No Prior Experience**

**To Whom It May Concern,**

I, Tanya Jaiswal, hereby declare that I am a fresher with no prior full-time or part-time work experience in any role. As part of the documentation process, I understand that submitting a salary slip, relieving letter, and resignation acceptance letter is mandatory. However, since I do not have any such documents due to being a fresher, I am submitting this declaration instead.

I have recently completed my MBA with a specialization in Investment Banking and Finance and have developed relevant skills through academic projects and certifications.

Although I do not have professional experience, I have undertaken various academic and simulation-based projects that have provided me with foundational knowledge in finance, investment analysis, and risk assessment. Some key highlights include:

**1. J.P. Morgan Chase Job Simulation**

- Worked on M&A analysis and financial modeling, enhancing my analytical skills.

**2. Financial Modelling Course by EY & Certifications from Corporate Finance Institute**

- Gained expertise in financial statement analysis and valuation techniques.

**3. Project on Fundamental and Technical Analysis**

- Conducted in-depth company analysis, risk assessment, and corporate governance review.

**4. Design Thinking Project on Sarva Shiksha Abhiyan**

- Developed problem-solving skills by working on data streamlining and reporting.

I am eager to begin my professional journey at AML RightSource and apply my knowledge and skills effectively.

**Sincerely,**

Tanya Jaiswal
