Phyton

Risk Management

Aml Compliance

## WORK EXPERIENCE

### Associate

#### S&P Global

2025-04-28 - 2025-07-07

Gurgaon

Managed the end to end trade lifecycle for primary and secondary syndicated loan facilities, ensuring full compliance with LSTA standards and internal quality controls. I served as a technical lead for clients, guiding them through platform interfaces while accurately managing trade creation, documentation review, and the closing process. By proactively monitoring control reports and collaborating across departments including Product, Sales, and Relationship Management I resolved complex system issues and streamlined operational workflows to maintain data integrity and meet rigorous processing deadlines.

### Internship

#### AIRPORTS AUTHORITY OF INDIA

2023-05-01 - 2023-07-01

Delhi

Completed a comprehensive internship with the Airports Authority of India (AAI), gaining deep insights into the management of civil aviation infrastructure and Air Traffic Control (ATC) operational impact. Contributed to the financial oversight of airport projects by analyzing income statements and balance sheets, reviewing project costings, and evaluating Return on Investment (ROI) for infrastructure upgrades. Beyond financial modeling and data maintenance, I gained practical exposure to airport security protocols and HR administration, developing a holistic understanding of the regulatory and economic frameworks that drive the Indian aviation industry.
