New Delhi

MBA (Finance) candidate with a strong foundation in financial analysis, data-driven decision-making, and stakeholder management. Hands-on experience across research, transaction advisory, and corporate analysis, including financial modeling, investor research, and macroeconomic assessment. Demonstrated ability to work with large datasets, derive actionable insights, and collaborate with cross-functional teams in fast-paced environments.

## KEY COMPETENCIES

Proactive and self-motivated	Project management and execution	Client engagement and collaboration
Market research and data analysis	M&A and fundraising	Targeted marketing campaigns
Effective presentation skills	Strategic decision-making	Financial and operational insights

## PROFESSIONAL EXPERIENCE

### Ernst & Young

Apr 2025 - May 2025

#### Summer Intern - Research & Analysis

- Analyzed the impact of US tariffs on the Indian stock market on a macroeconomic and sectoral level.
- Analyzed financial statements of investment holding companies to compare their market cap with net worth, and explored their major holdings.

### Atmosphere Studio

May 2023 - Sep 2023

#### Business Analyst

- Analyzed the company's financials to prepare and compare sales reports.
- Achieved a 20% increase in total monthly revenue by enhancing brand visibility and improving client engagement.
- Undertook diverse responsibilities, particularly in marketing, to enhance social media presence.

### FundTQ

Oct 2021 - Apr 2022

#### Research Analyst Intern

- Transaction Advisory on M&A deals and fundraising; including industry research, preparing financial and valuation models, and preparing information memorandums.
- Assessed synergies with investors/buyers, managed investor relations and explored new business opportunities for existing and new clients.
- Managed a portfolio of 3 clients, and a database of 100 investors.
- Additionally, closed fundraising for an emerging player in the automobile sector with a ticket size of INR 20 Mn.
