## WORK EXPERIENCE

### Financial Analyst

Deutsche Bank Pvt Ltd

04/2024 - 12/2024

Jaipur

#### Achievements/Tasks

- Managed pre-matching of trades for domestic settlement, ensuring accuracy and compliance with financial regulations.
- Pioneered T+1 settlement encroachment, being the first to handle the transition, coordinating with clients to resolve trade deviations efficiently.
- Led the money difference resolution process, working with clients to address financial discrepancies arising from market price fluctuations post-settlement.
- Developed automated reports and dashboards using Advanced Excel (VLOOKUP, Pivot Tables, Macros) to enhance data analysis, reporting, and process automation.
- Created Tableau dashboards for real-time stock market analysis, trade affirmations, and settlement tracking, improving decision-making and operational efficiency.

### Process Developer

Genpact India Private Ltd

09/2022 - 04/2024

Jaipur

#### Achievements/Tasks

- Worked closely with teams to define business requirements, ensuring compliance with SLA, TAT, and accuracy standards. Developed Standard Operating Procedures (SOPs) and integrated Robotic Process Automation (RPA) to improve workflow efficiency. Additionally, optimized processes to enhance productivity and drive business growth.

### Financial & Data Analyst Intern

Skillto

10/2022 - 05/2023

Ludhiana

#### Achievements/Tasks

- Built interactive HR and Netflix dashboards using Power BI and Tableau, leveraging DAX, conditional columns, and visualizations for insights. Additionally, worked with SQL and Kaggle datasets, applying SUM, AVG, JOINS, and SUBQUERIES to extract key analytics for data-driven decision-making.

## EDUCATION

### M.com| Accountancy & Business Statistics

Seth G.L. Bihani S.D. PG college

07/2020 - 08/2022

## SKILLS

SQL

POWER BI

TABLEAU

Risk Management and Compliance

Process Automation

MS EXCEL

Analytical Skills

## TRAINING PROJECTS

### Python for Data Processing & Visualization

- Built calculators, loops-based programs, and utilized Pandas, NumPy, Matplotlib, Plotly, and Seaborn for data visualization.

### Advanced SQL & Database Management

- Worked on database creation, table management, constraints, user roles, backups, functions, and stored procedures.

### R Programming for Statistical Analysis & Visualization

- Applied ggplot2 to create scatter plots, bar charts, line graphs, histograms, and stacked bar graphs, enabling insightful data representation and trend analysis.

### Data Visualization with Google Data Studio

- Designed interactive dashboards featuring charts, filters, and world map visualizations for actionable insights.

## ACHIEVEMENTS

Honored with the Key Members Award at Deutsche Bank for exceptional contribution to the successful and swift implementation of T+1 transactions.

Received Reward & Recognition at Genpact for proactively taking on critical initiatives, demonstrating leadership, problem-solving, and driving impactful business solutions.
