## SUMMARY

Experienced and motivated Computer Science graduate proficient in Java, JavaScript, and web technologies. Skilled in MySQL for data management. Strong problem-solving abilities and a passion for developing user friendly applications. Seeking opportunities to contribute expertise to innovative projects.

## SKILLS

- **Languages**: Java , C, C++, JavaScript
- **Frameworks**: HTML and CSS, Bootstrap, NodeJS, ReactJs , ExpressJs
- **Tools/Platforms**: MySQL, MongoDB
- **Soft Skills**: Problem-Solving Skills, Team Player, Project Management

## PROJECTS

- **Personal Portfolio**                                                    Oct 2024-Nov 2024
- Created a personalized portfolio that highlights my skills, projects, and accomplishments with an intuitive design.
- Implemented responsive features for smooth navigation, enhancing accessibility and user interaction on all screen sizes.
- Included interactive sections, providing detailed insights into my projects and a streamlined contact interface for users.
- **Tech:** React Js.

- **Virtual Pet Simulator**                                                 Oct 2023-Nov 2023
- Developed a Virtual Pet Simulator in Java utilizing OOP concepts for dynamic pet management.
- Designed interactive features like feeding, playing, resting, and health monitoring for pets.
- Implemented a menu-driven Pet Manager system for adding, interacting with, and removing pets.
- **Tech**: Java.

- **Fitness Tracker App**                                                   June 2023-July2023
- Designed a responsive dashboard displaying real-time metrics like calories burned, workout stats, and weekly progress for enhanced user engagement.
- Enabled users to add and track personalized workouts with detailed logs, fostering efficient fitness tracking.
- Focused on providing a seamless experience with intuitive navigation and real-time updates for better user engagement.
- **Tech**: React Js , Node Js , Express Js , MonoDB.

## CERTIFICATIONS

- Data Structure and Algorithms | Board Infinity                            June 2023-July2023

- IBM Cloud Essentials | IBM                                                Sep 2023 – Oct 2023

- Introduction to Hardware and Operating Systems                            Mar2023 – May2023

- Algorithms Specialization.                                               Jan2023 – May2023

## ACHIEVEMENTS

- **HackerRank**

    Secured 5* rating in java on HackerRank
    Secured 5* rating in SQL on HackerRank

- **Leetcode**

    100 days badge on Leetcode(Solved more than 2 problems)

## EDUCATION

**Lovely Professional University**                                          Punjab, India
- *Bachelor of Technology - Computer Science and Engineering;* **CGPA: 7.14**      *Since August 2021*

**Sanjay vidya Mandir**                                                     Shahjahanpur, UP
- *Intermediate;* ***Percentage: 74.8%***                                   *April 2020 - March 2021*

**Sanjay vidya Mandir**                                                     Shahjahanpur, UP
- *Matriculation;* ***Percentage: 75%***                                    *April 2018 - March 2019*
