- **Chaudhary Charan Singh University** 2022-2024
M.A. Economics
68.59

Skills

- Risk Identification and management.
- Passion for constant improvement and problem solving.
- Time Management and active listening.
- Resilience.

Projects

- **Manyawar Kashiram Shodhpeeth short term research project.**

The Manyawar Kashiram Shodhpeeth short-term research project focused on the ideas and contributions of Bahujan leaders. It highlighted the importance of equality, social justice, and policies that support marginalized communities.

- **Conducted field survey on students' preferences, awareness, and consumer Behavior towards Swadeshi movement from March to June 2024.**

The field survey (March-June 2024) on students' preferences, awareness, and consumer behavior towards the Swadeshi movement revealed that many students support locally made products but have limited awareness of their impact. It highlighted the need for better education on the benefits of Swadeshi goods and strategies to encourage conscious consumer choices. But demand for Swadeshi products was low because of the quality concerns.

Professional Training Program

- The Gunvatta Gurukul program by QCI (Jan-Feb 2025)

Focused on improving quality standards in education and institutions. Key learnings included best practices for quality assurance, leadership in institutional excellence, and strategies for continuous improvement.
