

ABHISHEK KUMAR

QA Engineer

-  Noida, UP
-  +91 6202500484
-  ak0022319@gmail.com

EXPERTISE

- Manual Software Testing
- Automation Testing
- Selenium WebDriver
- Regression & Functional Testing
- Test Case Design & Execution
- Core Java
- Agile Methodology
- Aquality Framework
- Bug Tracking
- Allure Reporting
- Problem solving & Debugging

EDUCATION

- MASTER'S DEGREE**
MCA
Amity University, Noida
2023 – 2025
(7.0 CGPA)
- BACHELOR'S DEGREE**
BCA
Birla Institute of Technology, Mesra
2020 – 2023
(7.45 CGPA)
- INTERMEDIATE SCIENCE(PCM)**
OP Jindal Public School, Patratu
2020
(78%)
- HIGH SCHOOL**
DAV Public School, NTS Barkakana - 2018
(83%)

CAREER SUMMARY

A highly motivated and detail-oriented software engineering student with hands-on experience in backend development and QA automation. Skilled in Java, software testing, and automation tools like Selenium and Postman. Proven ability to identify bugs, optimize backend logic, and ensure high-quality software delivery through rigorous testing. Adept at collaborating with cross-functional teams and translating user requirements into scalable solutions. Passionate about building robust systems and enhancing user experience through clean code and reliable testing frameworks.

EXPERIENCE

QA AUTOMATION INTERN A1QA	JULY 2025 – SEPT 2025
<ul style="list-style-type: none">During my QA Automation Internship at A1QA, I was responsible for designing and executing automated test cases using Selenium WebDriver, with TestNG as the testing framework and Allure for generating detailed test reports.I worked extensively within the Aquality Framework to ensure scalable and maintainable automation practices. My role involved performing functional, regression, and smoke testing across various web applications, identifying bugs, and collaborating closely with QA leads and developers to improve test coverage and software quality.I actively participated in sprint planning, daily stand-ups, and defect triage meetings, contributing to a more efficient and reliable testing process.	
JAVA BACKEND DEVELOPER Next24tech Technology & Services	MAY 2024 – AUG 2024
<ul style="list-style-type: none">During my Java Backend Developer Internship at Next24tech Technology, I contributed to the development and maintenance of backend modules for a Resume Builder application.I implemented RESTful APIs using Java and optimized database queries to enhance performance and scalability. My responsibilities included identifying and resolving bugs, collaborating with frontend and QA teams to ensure seamless integration, and improving application stability.	

CERTIFICATES

- Managed Basic of JAVA by Coding Ninjas
- Manual Software Testing + Agile with Jira
- Web Development Bootcamp
- Man of the Series – University Volleyball Tournament.
