**Soft Skills:** Leadership, Analytical Thinking, Negotiation Skills, Effective Communication

**Financial Skills:** Equity Research, Company Valuation, Financial Modeling, Ratio Analysis, Variance Analysis

## INTERNSHIPS

### Finance Intern | Keto Motors Pvt Ltd | Hyderabad

June 2025 – July 2025

- Analyzed vendor and supplier payment cycles to identify process inefficiencies and potential financial leakages.
- Supported month-end closing activities, ensuring accuracy and compliance in payment and expense reporting.
- Conducted cost-benefit and variance analyses on material and operational expenses to assist management in budget optimization.

### Summer Intern | Cherkupally & Associates | Hyderabad

June 2025 – July 2025

- Analyzed over **50 GST filings** and income tax returns, ensuring compliance and identifying potential savings for clients
- Utilized Tally software, **reducing errors by 30%**, and improved reporting efficiency by integrating automation techniques into routine tasks
- Researched the impact of recent tax regulations on businesses, contributing to the development of tax-saving strategies

## PROJECTS

### Financial Process Optimization and Spend Analysis | Keto Motors Pvt. Ltd

July 2025

- Conducted a review of end-to-end vendor payment processes for **40+ suppliers** to identify inefficiencies, potential overpayments, and compliance gaps.
- Designed a structured spend analysis model using Excel to categorize expenses, analyze variance, and identify areas for **cost reduction**.
- Collaborated with the procurement and accounts teams to improve the payment approval workflow and strengthen financial control mechanisms

### Stock Valuation with Comparable Companies Analysis | Coursera

March 2024

- Collected stock data from **Google Finance** and financial data from **Yahoo Finance**
- Calculated **5 key valuation multipliers** (e.g., P/E ratio, EV/EBITDA) and averaged them to assess valuation differences
- Estimated **the fair price for 3 stocks using multiplier analysis**, resulting in an **accurate improvement of 15%** over market price estimates
