OBJECTIVE

Motivated professional seeking a position to apply strong analytical, organizational, and communication skills in a real-world business environment. Experienced in secondary research and finance-related roles, with a keen interest in contributing to a dynamic team and gaining hands-on experience in business operations.

EDUCATION

Bachelor Of Business Administration (BBA)

Galgotias University, Greater Noida, Uttar Pradesh

Relevant Coursework: Accounts, Portfolio Analysis, Financial Management

SKILLS

Analytical Skills: Financial Analysis, Report Analysis, Data Collection, Research and Problem Solving.

Communication: Excellent written and verbal communication abilities.

Teamwork: Proven ability to work effectively in team settings.

Technical Proficiency: Microsoft Excel, PowerPoint and Microsoft Office.

Time Management: Capable of managing multiple tasks and meeting deadlines.

PROFESSIONAL EXPERIENCE

Research Associate Intern

INJ Partners March 2025 – August 2025

- Conducting in-depth secondary research to support market analysis and industry benchmarking.
- Proficient in CATI (Computer-Assisted Telephone Interviewing) for structured data collection and respondent engagement.
- Assisting in preparing detailed research reports, data summaries, and actionable insights for client deliverables.
- Supporting data validation, coding, and organization for quantitative research projects.

CERTIFICATIONS

- Certification of completion of Financial Literacy course offered by UNICEF on May 21, 2024.
- Certificate of completion of Campus to Corporate with job interview and resume guide course offered by Everest Creative Academy on May 25, 2024.
- Certificate of recognition offered by Human Touch Foundation on June 1, 2024, for volunteering with the organization for 10 days.

PROJECTS

Project Title: Stock Market Investment Analysis, January 2024

Course Name: Stock Market Analysis

Analyzed various stock market investment strategies to identify those that could yield the best returns. Gathered historical stock price data and studied market trends over the past five years and used this data to evaluate the performance of different types of investments, such as growth stocks, value stocks, and dividend-paying stocks.

Key Accomplishments: Successfully created a simulated investment portfolio that outperformed the S&P 500 by 5% in a three-month period and gained valuable insights into stock selection and risk management techniques.

EXTRA CURRICULAR ACTIVITIES

- Led initiatives in the College Sponsorship Club to secure sponsorships for college events and programs.
- Successfully raised 80% of funds through sponsorships, contributing to the success of college events and reducing financial burden on students under the college sponsorship team.
