Career Objective:

An exploring MBA student specializing in Finance and Marketing, with practical internship experience in financial management at a leading manufacturing firm. Skilled in SAP, working capital analysis, and data-driven reporting. Eager to contribute analytical, communication, and problem-solving skills to a growth-oriented organization while continuing to learn and develop professionally.

Skillset Summary

- **Leadership:** executed and coordinated on finance and business projects, case studies, and sports teams.
- **Analytical & Financial:** Experienced in financial data analysis, working capital assessment, SAP transactions, and budgeting.
- **Marketing & Communication:** Developed strong interpersonal, verbal, and written skills through project documentation and presentations; practical business survey experience.
- **Technical:** Proficient with SAP financial modules (FB60, F-53, FBL1N, F-02), MS Excel, PowerPoint, Google Forms.
- **Teamwork:** Excelled in cross-functional teams and on the basketball/football field, contributing to shared success.

Internship Experience

Finance Intern, RCCPL (Birla Corporation Ltd.) Maihar, MP | June 2025 – July 2025

- Managed the end-to-end vendor invoice cycle: SAP entry, 3-way matching of invoice/PO/GRN, payment runs, and reconciliations.
- Supported the month-end closing process and created Excel dashboards for working capital and fund flow analysis.
- Conducted a four-year working capital study—tracked trends in current ratios, inventory turnovers, and receivables for actionable recommendations.
- Assisted the finance team with GST/TDS data preparation, and learned practical tax compliance.

Projects undertaken

Working Capital Management Analysis – Birla Corporation Ltd.

- Analysed four years' data (FY22–FY25) for liquidity trends, inventory cycles, and working capital turnover, producing actionable recommendations.
- Created charts and summaries to present findings to leadership, demonstrating strong data storytelling.
