Career Objective

Looking for an opportunity to apply my academic knowledge, valuation skills, and problem-solving abilities to support strategic decision-making and contribute to organizational growth.

Skill Set Summary

Leadership: Guided team members in group projects and collaboratively managed a college event as part of a team, encouraging participation and teamwork to achieve successful outcomes.

Time Management: By maintaining a to-do list from the beginning, I successfully completed all assigned tasks within deadlines during my internship by effectively managing my time.

Communication: Participated in various extracurricular activities such as debate competitions, skits, and class-room events.

Technical: MS Excel and Power BI.
