PROFESSIONAL SUMMARY

Detail-oriented **Full-Stack Developer** with expertise in **Java, JavaScript, ReactJS, Node.js, and Data Analytics**. Proven track record of developing scalable applications, managing databases, and delivering high-quality projects. Strong problem-solving, leadership, and teamwork abilities, with hands-on experience in **web development, mobile app development, and data visualization**.

TECHNICAL SKILLS

- Programming Languages: Java, JavaScript, HTML, CSS
- Frameworks & Libraries: ReactJS, React Native, Laravel, Node.js
- Databases: MySQL, SQL Server, MongoDB
- Tools & Technologies: Power BI, EmailJS, Firebase, Hy Graph, Manual Testing
- Data Analytics: Data Visualization, Statistical Analysis, Predictive Modeling

PROJECTS

Registration Application | React Native, EmailJS, Firebase

- Developed a one-way client-server communication app for marketing and branding purposes.
- Implemented email automation via EmailJS and integrated Firebase for real-time data handling.

Forest Fire Management System | ReactJS, MongoDB, Logistic Regression

- Built a solution for Prediction, Prevention, and Restoration of forest fires.
- Integrated environmental variables (wind speed, humidity, temperature, FWIndex) for accurate prediction.
- Created an interactive fire simulation model based on environmental effects.

E-Commerce Grocery Website | ReactJS, Laravel, MySQL, HyGraph

- Designed and developed a responsive grocery-selling platform with database integration.
- Implemented product listing, cart functionality, and secure checkout process.

CERTIFICATIONS

- Data Analytics: Microsoft Certification, Deloitte Certification
- Web Development: OASIS Infobyte Internship, Cognifyz Technologies Internship
- Java Development: Octanet Services Pvt Ltd Internship, Tata Steel Internship Program
- SEEREE.Pvt.Ltd- Java Full Stack With GenAI (1 year)

LEADERSHIP & ACHIEVEMENTS

- Actively participated in college club activities, organizing events and leading discussions.
- Led multiple academic and internship projects, ensuring timely delivery and quality outcomes.
- Recognized for initiative, problem-solving, and clear communication in team settings.

EDUCATION

- Bachelor of Technology (B. Tech) in Computer Science & Technology — 6.9 CGPA | Trident Academy of Technology, Bhubaneswar, Odisha | 2022 – 2025
- Diploma in Mechanical Engineering — 7.5 CGPA | Centurion University, Khordha, Odisha | 2018 – 2021

KEYWORDS FOR ATS

Full Stack Developer, Java Developer, Web Development, ReactJS, Node.js, Laravel, MySQL, MongoDB, React Native, Power BI, Data Analytics, Firebase, EmailJS, Hy Graph, Software Development, Frontend, Backend, API Integration, Project Management, UI/UX, Oracle SQL Database, DSA
