
ABOUT ME

Dynamic and results-driven finance enthusiast with a solid academic background and industry-recognized certifications including CISI Level 1 and Financial Analyst. Proven ability to apply finance concepts through hands-on experience in investment banking, financial modeling, and business transformation projects. Adept at leveraging Excel, Python, Power BI, and SQL to extract insights, automate processes, and drive data-informed decision-making. Known for a sharp analytical mindset, proactive learning attitude, and a passion for solving real-world financial problems. Now seeking opportunities to contribute meaningfully to high-impact finance roles.
