PROFILE

A highly motivated Bachelor of Commerce graduate from Delhi University, I pursued CIBOP from Imarticus Learning. Strong understanding of financial markets and investment banking operations, including equities and fixed income. Skilled in Excel, Power BI, and Tally ERP 9.

Quick learner with a proactive and analytical approach. Good communication and interpersonal skills with attention to detail. Completed a corporate action case study with exposure to post-trade processes. Seeking an entry-level role to apply my knowledge and grow in investment banking operations.

- Microsoft Excel (Advanced)
- Microsoft Word
- Power BI (Dashboard creation, Data Visualisation)
- Power Point
- Tally ERP 9

PROJECT

Case Study: Standard Chartered - 2019 AML / Sanctions Breach

- Issue: Bank processed transactions for clients in sanctioned countries (Iran, Syria, Myanmar, Sudan).
- Reason: Weak sanctions screening controls and failure to identify high-risk customers.
- Feedback: Regulators imposed a \$1.1 billion fine; highlighted lapses in customer due diligence and transaction monitoring.

Improvement: Strengthen sanctions screening tools, conduct regular system testing, enhance KYC/EDD for high-risk clients, and continuous staff training on AML regulations.

Project: Corporate Action Case Study

- * Conducted a case study on Tesla's 3-for-1 stock split (2022)
- * Analysed corporate action timeline, including announcement, record date, and ex-date
- * Studied the impact on shareholder holdings and market liquidity
- * Understood the role of post-trade operations in processing corporate actions
