SUMMARY

Analytical Transaction Surveillance Specialist with 8+ years of investment banking experience in transaction monitoring, fraud detection, and quality assurance. Skilled in AML compliance, sanctions screening (OFAC/EU), and financial investigations, with expertise in Actimize. Proven ability to identify risks, improve processes, and ensure regulatory compliance while delivering high-quality results in fast-paced environments.

CORE COMPETENCIES

Stakeholder & Client Relationship Management	Transaction Monitoring & Sanctions Screening	Process Automation & Efficiency Enhancement
Fraud Detection & Financial Crime Prevention	Anti-Money Laundering (AML) Compliance	Leadership, Training & Team Development
Quality Assurance & Process Excellence	Risk Analysis & Regulatory Compliance	Data Analysis & Pattern Recognition

EXPERIENCE

03/2017 - 01/2026

Jaipur, Rajasthan

Senior Analyst

Deutsche Bank

- Transaction Monitoring & Sanctions Compliance:** Managed end-to-end monitoring of SWIFT (MT 1xx, 2xx, 5xx, 7xx) and non-SWIFT transactions, ensuring strict adherence to global sanctions (OFAC, EU) and mitigating regulatory and reputational risks.
- Risk Analysis & Escalation Management:** Performed second-level controls on high-risk transactions, handled escalations, and proactively identified suspicious activities to strengthen financial crime prevention frameworks.
- Fraud Detection & Investigation:** Leveraged Actimize (NICE) and data-driven analysis to detect fraud patterns, investigate suspicious transactions, and implement strategies to minimize financial and operational losses.
- Regulatory Compliance & Stakeholder Collaboration:** Collaborated with global and local AFC teams, ensured alignment with AML/KYC policies, and stayed updated with evolving international regulatory requirements.
- Process Improvement & Automation:** Analyzed workflows to identify gaps, enhance efficiency, and drive automation initiatives, resulting in improved turnaround time and operational accuracy.
- Quality Assurance & Audit Management:** Led QA activities including sampling, discrepancy identification, and remediation planning; acted as a key liaison for audits and regulatory reviews ensuring compliance excellence.
