## PROFILE SUMMARY

Experienced professional with over 12 years in assurance, risk advisory, and consulting, specializing in IT General Controls (ITGC), risk management, and financial crime investigations. Skilled in Independent testing, Change Management, Access Controls, and Segregation of Duties for SOX & Non-SOX clients. Deep expertise in KYC operations, CDD remediation, AML investigations, and fraud analysis, with a strong grasp of securities trading, cash management, and banking operations. Adept at regulatory reporting and compliance, ensuring businesses stay aligned with industry standards and best practices. Known for a detail-oriented approach, problem-solving mindset, and ability to navigate complex financial and regulatory landscapes.

## PROFESSIONAL DOSSIER

**Deloitte FAS India Pvt. Ltd**

**29/11/2021 – 26/09/2023**

Senior Solution Advisor (Risk & Financial Advisory) – Full time

- Led and managed quality reviews for Forensic & Financial Crimes engagements across diverse sectors and global markets, ensuring compliance with regulatory standards.
- Directed fraud investigations for multinational banks, overseeing teams in identifying fraud patterns, analyzing flagged transactions, and quantifying financial exposure.
- Managed client engagements, providing strategic oversight on financial fraud, AML investigations, ethics violations, FCPA compliance, and fraud risk assessments.
- Evaluated business risks and internal controls, offering recommendations to enhance operational efficiency and mitigate financial crime risks.
- Supervised independent testing of Sarbanes-Oxley and AML programs, ensuring regulatory compliance and adherence to industry best practices.

**PricewaterhouseCoopers IAC**

**10/06/2019 - 27/11/2021**
