## WORK EXPERIENCE

---

### Icici Securities

Manager - Technology

Nov. 2021 – Present

Mumbai

- **Development of Trading Platform:** Managed the end-to-end development of trading platforms using **Angular Framework** to create a seamless single-page application, significantly enhancing user experience and streamlining access to key functionalities such as order placement, order book, positions, portfolio, and charts resulting in a 30% increase in user engagement.
- **Managed Back Office Report Project:** Leveraged **ASP.NET Framework** to develop and manage the "Other Back Office Report" project, fetching and displaying various reports based on business requirements and operational needs, reducing report generation time by 40%.
- **Optimized Back Office Processes Using Python:** Developed and converted existing back office process scripts using **Python**, improving efficiency and accuracy of data processing tasks by 35%.
- **Implemented Multi-Segment Functionalities:** Developed functionalities for multiple market segments including **Commodity, Equity, Currency, and FNO Option Chain**, providing comprehensive market insights to customers and increasing revenue generation by 50%.
- **Testing and Collaboration:** Conducted unit and integrated testing, and collaborated with a cross-functional team to gather requirements, design system architecture, and ensure smooth implementation of the watchlist functionality, successfully launching the feature with zero critical bugs and meeting all project deadlines.

### Mega Calibre Enterprises Pvt Ltd

Business Development Associate

Oct. 2017 – Nov. 2020

New Delhi

- **Led the Setup of Claims Management System Project:** Oversaw a team of 30 professionals for CPP Assistance Services, ensuring adherence to project requirements and timelines, and addressing client queries. Maintained exceptional accuracy and timeliness, resulting in a 70% increase in client satisfaction.
- **Collaborated on Web Portal Development:** Contributed to the ideation, planning, and final implementation of a web portal for claims processing, enhancing the efficiency of claims handling and reducing processing time by 50%.
- **Managed BSES Yamuna Power Limited Project:** Acted as **Project Manager**, overseeing end-to-end project management, testing, and enhancement of a mobile application for carrying out customer KYC. Recruited and trained agents, obtained necessary permissions, and ensured seamless operations, leading to a 35% improvement in operational efficiency.
- **Implemented Robust Project Communication Plans:** Executed effective communication plans and prepared regular status reports. Managed project schedules and work plans, measured performance, and identified areas for improvement, which resulted in a 40% increase in project delivery speed.
