#### **OBJECTIVE**

Passionate about storytelling and visual effects, I aim to begin my career as a Production Coordinator by supporting artists and supervisors with effective communication, task tracking, and coordination for smooth project execution.

**Why Production Coordinator?**

I chose Production Coordinator because I enjoy organizing, communicating, and making sure projects run smoothly. In VFX, artists need time to focus on creativity, and I want to support them by handling scheduling, tracking progress, and bridging communication between teams. My strength is in communication and coordination, so I believe I can add real value in this role.
