Any Important Point Apart from the Above if relevant in making right hiring decision, Please lets us know:	She was at best a ML enthusiast who couldn't perform her job duties and had to a poor track record of finishing any stories without the teams help. She gave a notice period of 1 week during the busiest time of the year for us and when asked to fulfil her notice period as we needed to support the volume of cases, she just abandoned the job and not respoding to any emails.
