CAREER OBJECTIVE

Motivated Java Developer with hands-on experience in Spring Boot, REST APIs, and React. Eager to contribute to real-world software projects with a strong foundation in full-stack development and clean coding practices.

EDUCATION

| | |
|--|------------------------------|
| CDAC ACTS, Pune <i>P.G. Diploma in Advanced Computing</i> | 2025 – 2026 Grade: A |
| Shridevi Institute of Engineering & Technology (VTU), Tumkur <i>B.E. in Computer Science & Engineering</i> | 2021 – 2025 CGPA: 8.87/10 |
| KLE PU College, Nippani <i>Pre-University College (Science)</i> | 2019 – 2021 96.83% |

INTERNSHIPS & TRAINEESHIPS

| | |
|--|----------------------------------|
| TNS India Foundation <i>Java Development Trainee</i> | May 2024 – Feb 2025 Hybrid |
| <i>Technologies: Java 8, Spring Boot, MySQL, Microservices, Eureka, API Gateway, Postman</i> | |
| <ul style="list-style-type: none">Architected and developed scalable microservices using Spring Boot, Eureka Service Registry, and API Gateway; reduced system latency by 25% through optimized inter-service communication.Designed, coded, and tested RESTful APIs using Postman.Participated in code reviews and process improvement cycles, reviewing and evolving current development workflows to improve delivery efficiency. | |
| Varacons Tech Pvt. Ltd. <i>Front-End Development Intern</i> | Oct 2023 – Dec 2023 Bengaluru |
| <i>Technologies: React, JavaScript, MongoDB, HTML/CSS</i> | |
| <ul style="list-style-type: none">Engineered interactive front-end using React and modern JavaScript; increased user engagement by 30% through responsive UI/UX enhancements.Implemented MongoDB CRUD operations for the data persistence layer, enabling efficient storage and retrieval of inventory records, and collaborated cross-functionally with backend engineers on platform integration. | |

PROJECTS

| | |
|--|----------|
| Discoursify – Real-Time AI-Assisted Group Discussion Platform | Jan 2026 |
| <i>Java, Spring Boot, Spring Cloud, WebRTC, Kafka, React.js, MySQL</i> | |
| <ul style="list-style-type: none">Engineered a real-time, AI-assisted group discussion platform using the J2EE stack, enabling live video/audio communication via WebRTC with WebSocket signaling for seamless peer-to-peer connections.Architected a microservices backend with Spring Boot and Spring Cloud (API Gateway, Eureka Service Registry), implementing JWT-based authentication and Apache Kafka for asynchronous, event-driven processing.Developed a responsive React.js frontend with real-time state management; used MySQL for persistent storage of user sessions and discussion analytics, following Agile iterative development practices. | |
| Smart Email Assistant | Mar 2025 |
| <i>Java, Spring Boot, Gemini API, REST APIs, Postman</i> | |
| <ul style="list-style-type: none">Built an intelligent email processing application using Spring Boot and Google's Gemini API; engineered capabilities for automated summarization, sentiment analysis, and context-aware reply generation.Designed and tested RESTful API endpoints via Postman, demonstrating end-to-end ownership from design through testing. | |
| Green Guardian – Plant Disease Classification Web App | Feb 2025 |
| <i>Python, TensorFlow, CNN, Flask, HTML, CSS, JavaScript</i> | |
| <ul style="list-style-type: none">Built and trained a Convolutional Neural Network (CNN) using TensorFlow/Keras achieving 92% classification accuracy on a plant disease image dataset.Developed a full-stack web application with a Flask backend to support real-time image upload and instant disease prediction with treatment recommendations, demonstrating cross-domain engineering aptitude. | |

TECHNICAL SKILLS

Languages: Java, Python, JavaScript/TypeScript, SQL, C++

Frameworks & Technologies: Spring Boot, Spring Cloud, Hibernate, React.js, Node.js, Express, Flask, WebRTC, Apache Kafka

Databases: MySQL, MongoDB (Basic CRUD Operations)

DevOps & Tools: Git, GitHub, Docker, Postman, REST APIs, Microservices Architecture, Eureka, API Gateway

Core Concepts: Object-Oriented Programming, DBMS, Software Engineer Lifecycle, CI/CD basics

CERTIFICATIONS

- NPTEL – Programming in Java (IIT Kharagpur) | 2024
- Udemy – Git & GitHub Complete Guide | 2024
- JLPT – Japanese Language Proficiency Test N5 Certified | 2023
- LinkedIn Learning – Python Essential Training | 2022

LANGUAGES

English (Professional) | Hindi (Professional) | Marathi (Native) | Kannada (Intermediate) | Japanese (Basic – JLPT N5)
