

SURYANARAYANA M

Uthukottai, Tiruvallur, Tamil Nadu, India
msn.surya.22@gmail.com | +919676153598

With 8+ years of experience in senior executive and assistant manager and production manager roles in medical devices manufacturing, I've achieved consistent results through the implementation of lean principles and continues improvement strategies to optimize productivity, safety and quality.

Professional Experience

Pyrra Sutures Private Limited , Chennai, India	09/23 - present
Production Manager	
<ul style="list-style-type: none">• Oversaw personnel and records in production and packing sections• Analyzed production data to pinpoint areas for enhancement and create performance reports• Ensured daily production operations aligned with GMP standards• Applied lean methodologies site-wide to boost efficiency and performance• Managed production timeline and packing supervised daily planning	
Biosystems Diagnostic Private Limited , Chennai, India	03/23 - 08/23
Senior Executive	
<ul style="list-style-type: none">• Maintain production schedule and monitor daily production plan• Handle bulk mixing, assembly process, and bottle filling process• Manage daily production activities under GMP guidelines• Handle documentation under GDP guidelines• Ensure raw materials according to monthly planning	
Freedom Ophthalmic Private Limited, Hosur, India.	01/22 - 03/23
Production Assistant Manager	
<ul style="list-style-type: none">• Managed a team of 40+ employees to meet daily production goals within budget, resulting in a 20% increase in productivity• Developed and implemented training programs for operating staff to improve overall equipment effectiveness• Oversaw equipment installation and calibration• Handled manpower in production and packing areas• Developed and updated product• Maintained production schedule and monitored daily production planning• Identified and resolved issues, coordinating team activities and communicating upward for quick and effective resolutions• Managed sterilization process• Developed and implemented quality control and inspection procedures for materials and product acceptance• Conducted root cause analysis and corrective actions for customer complaints	
Healthium Medtech Limited, Tirupati, India	12/15 - 01/22
Production Senior Executive	
<ul style="list-style-type: none">• Oversaw a team of 60+ employees in healthium medtech limited, managing production and packing operations• Utilized production metrics and data analysis to identify areas for improvement and generate	

performance reports

- Implemented lean strategies across all site areas to increase productivity and optimize performance
- Managed manpower and documentation in production and packing areas
- Trained as an internal auditor on ISO 13485:2016
- Ensured adherence to monthly plans for raw materials
- Executed daily production activities in compliance with GMP guidelines
- Controlled the sterilization process
- Conducted monthly stock reconciliation and utilized SAP for dispatch
- Conducted root cause analysis and implemented corrective actions for customer complaints

Education

Sri Venkateswara University, tirupati, India.

07/07 - 04/12

Integrated MSC Chemistry (Organic Chemistry)

Projects

Synthesis & Spectral Characterization of New Schiff's Bases in aqueous

12/11 - 04/12

- Schiff's bases were prepared by a relatively mild, high yielding efficient synthetic protocol for the condensation reaction of 2-amino 4-nitro phenol with various aldehydes in water at 70-60 degrees of Celsius. Ultrasonication resulted in shorter reaction times (4-15 min) with excellent yields (80-88%). The title compounds were synthesized from 2-amino 4-nitrophenol by reacting with various substituted aromatic aldehydes in aqueous medium under ultrasonication.

Key Skills

- Leadership experience
- Agile development
- MS office
- SAP work- Production module
- ISO 13485:2016
- Continues improvement
- Decision - making
- Multitasking - time management
