TO WHOM IT MAY CONCERN

This is to certify that Mr. Tapash Bepari was actively engaged in the WHRS 18 MW AQC & PH Boiler project at ACC Limited, where he performed the following responsibilities with professionalism and precision.

Mr. Bepari managed **supplier coordination**, including contract documentation and confirmation for material supply related to AQC & PH boiler components. He ensured timely follow-up and compliance with procurement schedules.

He supervised **material receipt and inspection**, overseeing unloading, verification against purchase orders, and technical specifications. Post-inspection, he prepared and submitted detailed reports to the Head Office for approval and compliance tracking.

In the domain of **SAP S/4HANA**, Mr. Bepari executed Goods Receipt Notes (GRN), created Inspection Lots, and processed Material Issue entries within the SAP MM module, ensuring accurate and real-time inventory records.

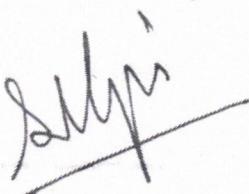

He handled **material issue and dispatch**, ensuring proper documentation and timely delivery to site execution teams, thereby supporting uninterrupted project progress.

For **inventory control**, he applied ABC, VED, FSN, and HML analyses to optimize stock levels, reduce holding costs, and maintain operational efficiency.

Mr. Bepari's contributions were instrumental in embedding 6S culture within store operations, enhancing safety, efficiency, and audit readiness across the WHRS project.

We thank him for his valuable service and wish him continued success in his future endeavours.

Sincerely,
