Dear maam/sir,

Writing this mail honestly feels tougher than I thought. After a lot of thinking, I've decided to move on from Triumph Alliances.

I've had some of the best days of my career here, mostly because of this team. Triumph Alliances has been more than just a workplace. It's been a space where I've grown, learned, and truly felt valued. The culture, the energy, and the people here have made a lasting impact on me.

Entire team has made this journey special. The jokes, the pressure, the support - everything taught me something I'll always carry with me.

I'll make sure everything's handed over

smoothly before my last working day on 15th Oct.
