Built drone-based mobile apps with real-time camera integration, UI overlays, and AWS-based media storage.

Durapid Technologies Pvt Lmt (SEP 2021 - AUG 2023)

Roles: Android & ReactNative Developer, Client Handling.

Technologies: Java, Kotlin, Android SDK, Room Persistence (SQL DB), JavaScript, React-Native, Redux, Restful APIs, Firebase Push Notifications.

Responsibilities:

Delivered modular apps with persistent storage and scalable architecture; handled direct client communication.

Self-Employed (AUG 2020 - AUG 2021)

Roles: Android Developer, Client Handling.

Technologies: Android SDK, Java, Firebase Push Notifications, Firebase Realtime | Storage Database, Rest-Apis

Responsibilities:

Independently developed Android apps tailored to client needs with real-time database and cloud storage.

Synarion It Solutions (FEB 2019 - AUG 2020)

Roles: Android Developer.

Technologies: Android SDK, Java, Firebase Push Notifications, Firebase Realtime | Storage Database, Rest-Apis, [Socket.IO](https://socket.io/), SSL Pinning.

Responsibilities:

Developed secure real-time apps using Socket.IO and Firebase; optimized performance and data security.

Projects

1. Quotes-Only -> Self Employed
2. MCA-PiP (Mission control application- Picture-in-Picture). -> Droame.
3. VCA (Video Capture Application). -> Droame.
4. TGP-GoodPlatform & RAQ -> Durapid Technologies Pvt Lmt.
5. Beneficiary OnBoarding -> Durapid Technologies Pvt Lmt.
6. EVA -> Durapid Technologies Pvt Lmt.
7. My GTS -> Durapid Technologies Pvt Lmt.
8. Footage India -> Self-Employed.
9. Seekho -> Self-Employed.
10. Money Bank -> Self-Employed.
11. LiveLine -> Synarion It Solutions.

Education

2016 - 2019: Suresh Gyan Vihar University, Jagatpura, Jaipur - MCA

2013 - 2016: Kuchaman College, Kuchaman City - BCA

Skills:

Mobile App Development: Android SDK, Android Components, React-Native, Redux, Design Patterns (MVP, MVVM), Payment-Gateway's, Debugging & Testing, Security, Deployment.

Programming Languages: Java, Kotlin, JavaScript

Databases: Sqlite, Firebase, Postgres-SQL, Local Storage

Project Management & Ui/Ux Tools: Agile Framework, Jira, GitHub & GitLab, Adobe XD, Adobe Photoshop, Figma, Canva, Artificial Intelligence (ChatGPT, Gemini, DeepSeek).

Operating Systems: Windows, MacOS.
