## PROFESSIONAL SUMMARY

An experienced professional having 3+ years of experience in Manual and Automation Testing. Working experience in Functional Testing, Regression Testing, Database Testing , Automation Testing and Good knowledge of API. Familiar with Object Oriented Programming in Java. Passionate at learning new things.

## Skills

**OS**: Linux, Windows.
**Languages**: Core Java, HTML, CSS, SQL.
**Automation Tools:** Selenium WebDriver, TestNG
**Build Tools:** Maven.

**Testing Skills:** Web application Testing, Regression Testing, UI Testing, Functional Testing, Black Box Testing, API Testing, Automation Testing.

**Database**: MySQL.
**Key Features:** XPath, Locators, Window Handling, Screenshots.
**Programming Essentials:** Core Java, OOPS, HTML, Exception Handling.
**Tools:** Github, Eclipse.

## Experience

**Senior Configuration Analyst**
SEB Administrative Services Inc. [ 09/2022 - Present ] - Noida
**Project Name:** Web New UI, Annual Enrollment, System Enhancement Projects.
**Technologies used:** Java, Maven, Selenium WebDriver, TestNG, JIRA, Regression Testing, UI Testing, Functional Testing, Black Box Testing, STLC, Defect Life Cycle, Test Case documentation, Agile, TestNG.

Description :

- Performed various forms of testing including **GUI, Functional testing, Regression Testing and Retesting**.
- Worked with the Business team for analyzing the requirements and developed test plans and test cases for web-based applications.
- Designed and implemented the **Page Object Model (POM)** and test classes for automation frameworks.
- Conducted **Automation Testing using Selenium WebDriver** on web-based applications, leveraging tools like **TestNG**, including annotations and keywords.
- Created and maintained **automation scripts for regression and smoke testing,** enhancing test reliability and **reducing manual effort by 60%.**
- Hands-on experience with automated testing tools.
- Experience in identifying **web elements using Xpath**.
- Handled popups, list boxes, and other UI elements during testing.

- Participated in daily Scrum meetings to discuss project progress and address potential blockers.
- Introduced an innovative **XPath** creation strategy, reducing manual effort and increasing **automation efficiency by 20%.**
- Documented and tracked software defects using **JIRA**, ensuring timely resolution and product quality before release.
- **Strong understanding of the Java Collections Framework,** including Lists, Sets, and Maps, with proficiency in Arrays and String manipulation.
- Wrote comprehensive **Test Plans, Test Cases, and Test Procedures,** and shared documentation with the team for effective execution.
- Hands-on experience with all phases of Software Development Life Cycle(SDLC) and Software Test Life Cycle(STLC)
- Good Knowledge of **Postman**.
- Proficient using Microsoft Office tools and well versed using **SQL queries** to run data integrity tests.
- Experience in the Build Management Tool which is Maven for the Hybrid Framework.

## EDUCATION

BE in Computer Technology | Rajiv Gandhi College Of Engineering Research & Technology Chandrapur (MH) - 2017

## Training and Certifications

- ICEICO Technologies Pvt Ltd Nagpur | Trainee Java Developer | 2019
- Posh Infotech | Java

## LANGUAGES

English (Full Professional Proficiency) | Hindi (Native or Bilingual Proficiency)
