OBJECTIVE

Native Android Developer with hands-on experience in Kotlin, Jetpack Compose, Firebase and MVVM architecture. Built real-world apps including a chat application and working on a mentor-mentee platform, with focus on clean architecture and scalable code. Strong foundation in DSA, OOP and software testing, with experience using Git/GitHub for collaborative development.

SKILLS

Technical Skills

- Programming: Kotlin, Java, C++
- Android: Jetpack Compose, MVVM, Coroutines, LiveData/StateFlow, RoomDB, Hilt/Dagger
- Backend/Cloud: Firebase Authentication, Firestore/Realtime DB, Cloudinary,
- Tools: Git, GitHub, Android Studio, Firebase Console, VS Code, Postman
- CS Fundamentals: Data Structures & Algorithms, OOP, Software Testing

Soft Skill

- Problem solving, Communication, Team player, Leadership, Ownership, Adaptability, Active listener

EDUCATION

- **B.Tech in Computer Science and Engineering**, Sagar Institute Of Science and Technology, Bhopal
2022–2026 | CGPA: 7.10/ 10 (till 7th sem)
- Class XII –State Board, Govt. Mahatma Gandhi Higher Secondary School, 2022-79.8%
- Class X – State Board, Govt. Mahatma Gandhi Higher Secondary School, 2020-94.6%

PROJECT

Chatterbox – A Chatting App

A real-time Android messaging application built to enable instant communication and media sharing among users.

- Developed using Kotlin and Jetpack Compose with the MVVM architecture pattern for clean, modular, and maintainable code.
- Integrated Firebase Authentication for secure user login and registration.
- Implemented Firestore Database for real-time chat functionality and user search capabilities.
- Integrated Cloudinary API to enable users to upload and share profile pictures and image media within chats.
- Used Dagger Hilt for efficient dependency injection and smooth lifecycle management.
- Gained hands-on experience in exception handling, real-time data synchronization, and multi-service integration in Android.
- Independently built the entire application, from architecture design to feature implementation.

LEADERSHIP EXPERIENCE

- Android Developer Lead- Google Developer Group, SISTec (2024–2025)
- Workshops Conducted: Android Development Workshop (Kotlin, Android Studio, UI Design).

CERTIFICATIONS

- Android with Firebase - Sheryians Coding School
- DSA – PW-SKILLS
- Java Foundation - Oracle
- Fundamentals of Object Oriented Programming – NPTEL
- Software Testing (Elite) – NPTEL (2025)
