

# PRABHAKARAN B

## Software Developer/ Data Migration

📞 9176783436   @ randyprabha220@gmail.com   📍 Chennai, India   🔗 LinkedIn: linkedin.com/in/prabhakaranb

### SKILLS

SQL   Sybase  
PowerBuilder  
Microsoft SQL Server   UAT  
MDM   Informatica MDM  
SAP   ETL  
Stored Procedures   Triggers  
SQL Query Tuning   GIT

### INTERESTS

-  **Coding Challenges**  
Participate in online coding competitions
-  **Open-Source Projects**  
Actively contribute to open-source database tools and participate in developer communities

### STRENGTHS

-  **Collaboration and Passion**  
Strong collaborative skills and a passion for improving data integrity and performance

### KEY ACHIEVEMENTS

-  **Data Migration Success**  
Successfully led data migration projects that improved processing efficiency and data integrity

### EDUCATION

#### B.Tech

**Dr.M.G.R Educational and Research Institute**

📅 2019   📍 India

### SUMMARY

I am a results-driven Software Developer with over 5+ years of experience in database design, data migration, and performance tuning. My expertise in complex SQL queries, stored procedures, and application debugging positions me as a valuable asset. I am passionate about enhancing database performance and committed to providing actionable insights that support business decisions

### EXPERIENCE

#### Database Developer – Data Migration

**Volen Software Pvt Ltd**   📅 10/2025 - 02/2026   📍 Chennai, India

Worked as a Database Developer for client Happiest Minds Technologies

- Led a feasibility study for QR code generation and invoice printing, enhancing database performance and system stability
- Performed data migration from Microsoft SQL Server to Sybase ASE, ensuring data consistency, accuracy, and integrity
- Developed, modified, and executed 150+ SQL & Sybase stored procedures across 3 databases to support migration and application functionality
- Created and executed migration scripts including table structures, data loads, and validation queries
- Streamlined Sybase queries, indexes, and stored procedures to improve post-migration performance and stability
- Collaborated with application, testing, and business teams to support migration activities and UAT sign-off

#### SQL and MDM Consultant

**Lluminant Works Solutions Pvt Ltd**

📅 03/2022 - 09/2024   📍 Chennai, India

PowerBuilder / PL/SQL Developer

- Designed and expanded PowerBuilder client-server applications integrated with Oracle/SQL Server databases
- Wrote and improved PL/SQL stored procedures, triggers, packages, and functions to implement complex business logic
- Conducted SQL query tuning and performance optimization, improving report generation by ~30-40%
- Supported production systems, including bug fixing, root cause analysis, and quick issue resolution
- Integrated PowerBuilder front-end applications with Oracle/MS SQL databases for financial and operational reporting

#### Software Developer

**ECO Tech Software Solutions Pvt Ltd**

📅 12/2019 - 03/2022   📍 Chennai, India

PowerBuilder / SQL Developer

- Designed, enhanced, and maintained client-server applications using PowerBuilder (v12.x/2019) integrated with Oracle/SQL Server databases
- Created and improved PL/SQL stored procedures, triggers, functions, and packages to support
- Migrated and enhanced legacy Sybase/PowerBuilder applications to modern databases like Oracle/MS SQL, ensuring minimal downtime
- Conducted performance tuning of SQL queries and reports to reduce execution time by 30-40%.
- Provided production support, including bug fixing, root cause analysis, and quick resolution for critical issues
