Personal Profile

Self-motivated and detail-oriented Engineering student with hands-on project experience in full-stack web development. Quick learner with a strong foundation in Java, Spring Boot, Angular, and database technologies. Eager to apply academic knowledge in a real-world environment, contribute to team success, and solve practical problems with efficient and scalable solutions. Strong communicator and team player, committed to continuous learning and growth.

Education

Pune Vidyarthi Griha's College Of Engineering

BE Computer Engineering with 8.38

Nashik

Sept 2020 - Jun 2024

NES High School

HSC Science with 72.15%

Parola

Jun 2019 - Feb 2020

Dr. V. M. Jain Madhyamik Vidyalaya

SSC with 91.40%

Parola

Jun 2017 - March 2018

Work Experience

PHN Technology Pvt. Ltd

WEB Developer Intern

Remote

April 2023 - Jun 2023

- Worked on a **Supply Chain Management System** to handle the user roles, order tracking, and product management.
- Used markup languages like **HTML** and **CSS** to create responsive, user-friendly web pages.
- Designed and improved mobile-friendly features using **Bootstrap** and ensured cross-platform responsiveness.
- Optimized frontend performance for faster load times and smoother user experience.
- Maintained and updated existing web components to align with new requirements and improve usability.

Project

Healthcare Platform

May 2025

- Developed a full-stack **Hospital Management System** to manage inventory, user and admin registrations, patient records, and appointments.
- Built a responsive frontend using **Angular**, **HTML**, **CSS**, and **Bootstrap** for a seamless cross-device experience.
- Implemented backend services in **Spring Boot** for user authentication, patient management, and appointment operations such as creation, rescheduling, and cancellation.
- Implemented **JWT-based authentication** to secure APIs and manage user sessions without server-side state.
- Applied **Role-Based Access Control (RBAC)** to restrict access to resources based on user roles such as Admin and Patient.
- Designed and tested secure **RESTful APIs** for frontend-backend integration using **Postman**.
- Used **Oracle SQL** with **JPA** for efficient data persistence and ORM mapping.
- Technical Skills:** Angular, Java, Spring Boot, REST API, Maven, Oracle SQL, JPA, HTML, CSS, Bootstrap, Postman.

Skills

Programming	HTML, CSS, OOPs, DBMS, Java, SQL, JavaScript, Spring Boot, JPA, REST APIs, Maven, Angular, MongoDB, Postman.
Tools & Platforms	Microsoft Office, Git, GitHub.
Soft Skills	Effective Communication, Team Collaboration, Problem-solving, Documentation, Critical Thinking.

Certifications

Introduction to Front-End Development	Coursera
Programming with JavaScript	Coursera
Version Control	Coursera
