Vasna, Ahmedabad

OBJECTIVE

Associate WordPress Developer with hands-on experience in building custom WordPress websites, multisite networks, and dynamic layouts using PHP, Advanced Custom Fields (ACF), and WPBakery. Proven ability to work independently and in small teams, fix complex theme/plugin issues, and deliver reusable, scalable website solutions. Adaptable and quick to learn, with strong problem-solving skills and the ability to thrive under tight deadlines.

EXPERIENCE

CDT SOFTWARE & SUPPORT

Location - Vadodara, Gujarat

April. 2025 - August 2025

Designation - Associate WordPress Developer

- **Custom ACF Website (Solo Project):** Developed a fully dynamic WordPress website from scratch using Advanced Custom Fields (ACF) and custom PHP to deliver a tailored CMS solution.
- **WordPress Multisite with WPBakery:** Set up and customized a reusable WordPress Multisite network using WPBakery, enabling scalable content management across multiple sites.
- **Cross-Functional Collaboration:** Worked closely with SEO specialists and non-technical stakeholders to provide technical solutions aligned with evolving project priorities.
