**Re: Relieving Letter, Prakyath M C**

To Whom It May Concern,

This letter serves as confirmation that Prakyath was employed with Phracta as a Junior AI Developer on a contract, commission-based engagement during the six months between July 2025 and December 2025.

During his tenure at Phracta, Prakyath led development of AI solutions, including:

- An AI-driven financial analysis using Retrieval-Augmented Generation (RAG) and OpenAI API, intended to automate financial analysis and reporting.
- Orchestration of AI pipelines integrating FastAPI backend with frontend interfaces, aimed at enhancing AI-powered decision-making capabilities.
- Review of AI governance best practices aligned with associated financial and risk mitigation requirements.
- Participation in AI strategy alignment with key stakeholders to ensure technology initiatives satisfied key business objectives.

Prakyath demonstrated not only his technical expertise and a proactive work ethic, but was highly respected by clients and prospects throughout his time with Phracta.

He has been duly relieved from his responsibilities as part of his move from the UK and has no pending obligations with Phracta. We wish him the very best in his future professional endeavours.

Warm regards,

A handwritten signature in black ink, appearing to read 'Andy Zmolek'. The signature is fluid and cursive, with a large, sweeping 'Z' and 'M'.

**Andy Zmolek**

Founder and Managing Director, Phracta
