

TO WHOMSOEVER IT MAY CONCERN

I am writing to recommend Mr. Abhishek Ghurnare for any technical position he may be applying for. I have had worked with him at more than one establishment, more than a year in the establishment of my current employment, i.e., Saptarishi Herbals LLP.

Abhishek has consistently demonstrated sound technical skills and zeal to get the job done in a meticulous and effective manner. His involvement in the work remains beyond work hours, whenever the need be, with an objective to get the assignments allotted to him done in the best possible manner.

His proficiency in Systems, IT, ERP and CRM related operations, as well as programs, is exceptionally sound, at both frontend (operational) and backend (technical); with ERP and CRM being his strong hands.

In my strong view, he may prove to be a remarkable asset to any establishment, if utilized at his optimum.
