

QUALIFICATIONS SUMMARY

- Having 8.10 years of experience in Analysis, Design, Programming and Maintenance with Microsoft .Net and related technologies involving product based applications.
- Experience as a .Net development with hands-on a multitude projects and products.
- Rich usage experience in C#, Web API, Angular 18, AngularJs, ExpressJS, ASP.Net, ASP.Net MVC, ADO.NET, Azure Devops and Client side Scripting using JavaScript and JQuery and Database knowledge with SQL with LinQ to SQL.
- Good understanding and experience of Web technologies like .Net Core, .Net, Web API, ASP.NET, ASP.NET MVC, Angular, ExpressJS, HTML, Bootstrap and Knowledge on database, with Hands-on MS SQL Server.
- Client interaction during requirement and development phase.
- Self-starter and a team player with good interpersonal skills.
- Strong skills in planning and executing the functionality of application.

EXPERIENCE SUMMARY

- 8.10 years of strong IT experience as Dotnet (.Net) developer With Angular.
- Working as Technical Lead for 1.2 Year in Wipro, from Oct'2024 to till,
- Worked as Lead Software Engineer for 8 months in **Virtusa**, from Jan'2024 to Aug'2024.
- Worked as Software Development Engineer II for 3 years and 4 months in **Spektra Systems**, from Aug'2020 to Dec'2023.
- Worked as Software Programmer for 7 months in **Ubergrad India pvt Ltd** from Nov 2019 to May'2020
- Worked as Software Programmer for 3 years in **Promantra Synergy Solutions**, Panjagutta, and Hyderabad from Nov'2016 to Oct'2019.

EDUCATION

- B. Tech in Computer Science and Engineering (CSE) from **AP IIIT Rajiv Gandhi University of Knowledge Technologies, RK Valley, Kadapa** from **2010-2014**.

TECHNICAL SUMMARY

Languages	: C#.NET
Web technologies	: .Net Core, ASP.NET, Asp.Net MVC, Web API, , Angular 10-18 , Express JS, Console Application, Web Jobs, Angular Js, Bootstrap4, CSS, HTML, JavaScript
Databases	: Linq to SQL, SQL-Server 2012, SQL-Server 2014
IDE	: Visual Studio.NET 2005, 2012, 2013, 2015, 2017, 2019, 2022
Operating Systems	: Windows OS Family
Report Tool	: Crystal Reports
Web Servers	: IIS 5.0

MAJOR RESPONSIBILITIES AS A SOFTWARE DEVELOPER

- Development of middle tier
- Participated in functional analysis & design
- Solving the technical issues
- Client communications and interaction
- Preparation of Technical documents and design for the project
- Involved in functional testing of the application

PROFESSIONAL EXPERIENCE

Wipro. [Oct'2024 - Till]

<https://www.wipro.com/>

Project Details:

1) Cloud Scheduler (Mercer)

Technologies : Angular 18, Express JS, C#, Console Application.

Team Size : 10+

Role : Application Developer

Tools Used : Visual Studio Code, Visual Studio 2022, SQL Server 2020, GIT, Azure Devops

Description:

Cloud Scheduler is a web-based application that allows users to define and manage schedules for servers, enabling them to start or stop automatically at specified times. This helps optimize resource utilization, reduce costs, and ensure systems are available when needed.

Roles and Responsibilities:

- Involved in all the phases of Software Development Life Cycle (SDLC) including analysis, design, programming, testing, and deployment.
- Worked on agile methodology to meet timelines with quality deliverables.
- Created single page User Interface application design and development using Angular 18, Bootstrap, HTML and CSS.
- Designed and developed restful APIs using Express JS, Console applications and implemented business logic using C#.Net.
- Implemented All Assessments as Required to client
- Creating Tables, Functions, Stored Procedures and Indexes in database as per requirements.
- Manual Testing

Virtusa. [Jan'2024 - Aug'2024]

<https://virtusa.com>

Project Details:

1) Rahal (Qatar Airways)

Technologies : C#, Web API, Angular Js, Console Application, Web Jobs.

Team Size : 20+

Role : IT Consultant

Tools Used : Visual Studio 2019, SQL Server 2016, GIT

Description:

- RAHAL is an application for the internal employee of one the leading Airways Company. Which provides the travel benefits for their employees.

Roles and Responsibilities:

- Involved in all the phases of Software Development Life Cycle (SDLC) including analysis, design, programming, testing, and deployment.
- Worked on agile methodology to meet timelines with quality deliverables.
- Created single page User Interface application design and development using AngularJs, Bootstrap, HTML and CSS.
- Designed and developed restful APIs, Web jobs and console applications and implemented business logic using C#.Net.
- Implemented All Assessments as Required to client
- Creating Tables, Functions, Stored Procedures and Indexes in database as per requirements.
- Manual Testing

Spektra Systems. [Aug'2020 – Dec'2023]

<https://spektrasystems.com>

Project Details:**1) Cloud Labs.**

Technologies : C#, Web API, Angular 10, Angular 12, Angular 15, Console Application, Web Jobs, Rest API (Azure, AWS, GCP, Data bricks) and Linq to SQL.

Team Size : 30+

Role : Software Development Engineer II

Tools Used : Visual Studio 2017, 2019, 2022, SQL Server 2014, 2016, GIT

Description:

- CloudLabs provides hands-on lab environments for technology companies for events, workshops and POCs at scale. CloudLabs empowers instructors and students through modern technology experiences to enable impactful learning experiences.

Roles and Responsibilities:

- Responsible for leading a module team in delivering solution to our customer
- Performed the code review and report any issues.
- Involved in all the phases of Software Development Life Cycle (SDLC) including analysis, design, programming, testing, and deployment.
- Worked on agile methodology to meet timelines with quality deliverables.
- Hands on experience in creating Angular Modules, Controllers, Directives, and Filters to deploy the entire business logic.
- Designed user interface for the application using Angular, Bootstrap, HTML and CSS
- Developed restful APIs, web services, Web jobs and console applications, for clients with Microsoft technologies.
- Developed form validations on the server side and client side.
- Implemented business logics, data access layer
- Implemented All Assessments as Required to client
- Creating Tables, functions and Stored Procedures in database as per requirements.
- Manual Testing

Ubergrad India Pvt Ltd. [Nov'2019 – June'2020]

<https://www.ubergrad.com>

Project Details:

1) Ubergrad.

Technologies : ASP.Net MVC, ASP.Net, C#, Web API, Bootstrap, Query, AJAX
Team Size : 5
Role : Programmer
Tools Used : Visual Studio 2015, SQL Server 2012

Description:

Ubergrad is complete package for Students. The students who are willing to Pursue their Masters in Abroad, we are providing all the necessary University recommendations based on the students Eligibility.

Roles and Responsibilities:

- The application MVC, and 3-tier; multi-platform system implemented using object-oriented technology
- Implementing business logic, data access layer
- Implemented All Assessments as Required to client
- Creating Tables, functions and Stored Procedures in database as per requirements.
- Manual Testing

Promantra Synergy Solutions Ltd. [Nov'2016 – Oct'2019] <http://www.promantra.us/>

Project Details:

1) RevvproAuthorization.

Technologies : ASP.Net MVC, C#, WebAPI, Bootstrap, JQuery, AJAX, Crystal Reports
Team Size : 2
Role : Programmer
Tools Used : Visual Studio 2015, SQL Server 2012

Description:

RevvproAuthorization is an application for process of reviewing certain medical, surgical or behavioral health services to ensure medical necessity and appropriateness of care prior to services being rendered. The review also includes a determination of whether the service being requested is a covered benefit under your benefit plan. Authorizations are only required for certain services. Your physician will submit authorization/precertification requests electronically, by telephone, or in writing by fax or mail. Roles and Responsibilities:

- The application is based on MVC architecture; multi-platform system implemented using object-oriented technology

- Implementing business logic, data access layer
- Creating Tables, functions and Stored Procedures in database as per requirements.
- Responsible for Unit Testing and Integration Testing
- Worked on enhancements , Bug fixing and worked on Crystal Reports

2) **Revvpro.**

Technologies : ASP.Net, C#, Crystal Reports, WebAPI, Bootstrap, JQuery, AJAX
 Team Size : 3
 Role : Programmer
 Tools Used : Visual Studio 2013, 2015, SQL Server 2012

Description:

Revvpro is complete package for Health Care organizations. Patient Demographics and Doctors Roles and Management dashboards and etc. **Revvpro** Suite helps to optimize healthcare management costs & increase returns on investments for Geriatric Healthcare.

Roles and Responsibilities:

- The application is a 3-tier; multi-platform system implemented using object-oriented technology
- Implementing business logic, data access layer
- Implemented All Assessments as Required to client
- Implemented MDS 3.0 design Changes with including Reports.
- Creating Tables, functions and Stored Procedures in database as per requirements.
- Responsible for Unit Testing and Integration Testing
- Worked on enhancements , Bug fixing and worked on Crystal Reports

3) **Day Care.**

Technologies : ASP.Net, Crystal Reports, Bootstrap, JQuery, AJAX
 Team Size : 3
 Role : Programmer
 Tools Used : Visual Studio 2013, SQL Server 2012

Description:

Day Care is complete package (Clinical and Financial Suite) for Day Care organizations. Patient (Client) Inquiry, Demographics, Foods, Medications, Assessments, Finance, Management dashboards and etc. Daycare Suite helps to optimize Daycare management costs & increase returns on investments for Geriatric Daycare

Roles and Responsibilities:

- The application is 3-Tier architecture.
- Implementing business logic, models
- Creating Tables, functions and Stored Procedures in database as per requirements.
- Responsible for Unit Testing and Integration Testing
- Worked on enhancements and Bug fixing

PERSONAL Skills

- Positive attitude, Determined, High energies
- Hard working and sincere
- Good at decision making and problem solving

PERSONAL PROFILE

Father's Name : P.D Dayanandham
Date of Birth : 23rd June 1993.
Languages Known : English, Telugu, Tamil and Hindi
Marital Status : Single
Nationality : Indian
Religion : Christian
Permanent Address : 190 Ramapuram (vil), Gudiapala (Man), Chittoor (Dist).AP-517132

DECLARATION

I, Anudeepak D hereby declare that the above information is true and correct to the best of my knowledge and belief. This is for your kind consideration and perusal.

Place:

**Sincerely,
(Anudeepak D)**
