### **PROFILE :**

**Likhit N Gowda** is a highly motivated and results-oriented individual aspiring to make a significant impact within a company by leveraging a diverse skill set. With a strong focus on continuous learning, I seek to contribute creatively to the success of the organization and effectively address emerging challenges. Proficient in Microsoft Office and fluent in English, I excel in interpersonal communication, team collaboration, and organizational tasks. My commitment to effective time management, persistence, and adaptability make me a valuable asset, ready to thrive in a dynamic work environment. Seeking opportunities that align with his objectives, I aim to contribute actively to a dedicated team's success while fostering innovation and positive growth.

### **WORK EXPERIENCE :**

- May 2024 – September 2024

**Bottaccio Group** (London, UK)

***Intern***

Bottaccio is recognized as one of the most exclusive and prestigious hospitality companies in the world, counting amongst its Clients esteemed names such as Armani, Gucci, Sony, Apple, Chanel, HSBC, BMW, Aston Martin, Formula 1, Chelsea Football Club, as well as the British Royal Family, the President of the United States. The company's present project is in the heart of London at one of the most heritage buildings, Camden Town Hall which is set to be launched soon as one of central London's largest event spaces. With over 20,000 sq.ft of dynamic event spaces for awards, dinners, conferences, product launches and exhibitions. As an intern, my responsibilities are getting new clients and setting up a pipeline of clients for the foreseeable future.

- Mar 2022 – Nov 2023

**Zostel** (Kerala, India)

***Property Manager***

It is the world's largest backpacker hostel chain with 60+ destinations across India and Nepal. I worked as a Property Manager at Vagamon, Kerala. My job role included me overseeing the day-to-day responsibilities and working along with my staff to ensure the guests had the perfect stay. I would also guide the guests with any queries they might have and also help them with their itinerary. All-in-all had to ensure the smooth running of the property.

- Sep 2021 - Feb 2022

**Beegru** (Bangalore, India)

***Marketing Executive***

It is a Real Estate Advisory. Also provides branding and marketing services for real estate projects. Worked as a Marketing Executive mainly focused on offline marketing strategies. My job was to get in touch with our partnered builders and plan their next offline marketing strategies for their existing or upcoming projects. It also included a lot of fieldwork.

- Jan 2019 – Jul 2021

**Zostel** (Kerala, India)

***Property Manager***

It is the world's largest backpacker hostel chain with 60+ destinations across India and Nepal. I worked as a Property Manager at Vagamon, Kerala. My job role included overseeing the day-to-day responsibilities and working along with my staff to ensure the guests had the perfect stay. I would also guide the guests with any queries they might have and also help them with their itinerary. All-in-all had to ensure the smooth running of the property.

- Nov 2017 - Dec 2018

**Pyxis Automation** (Bangalore, India)

***Sales Associate***

It is a Bangalore-based home automation and audio-visual solutions provider with extended knowledge in acoustics design, IoT programming and networking. Worked as a Sales Associate and a company developer. My job was mainly offline marketing. Had a lot of fieldwork where I had to go look for builders or independent house owners who are looking out for IoT programming to be done.

- Jul 2015 - Aug 2016

**Deluxe Digicaptions India Pvt. Ltd** (Bangalore, India)

***Tech Service Analyst***

It is a subtitling company with the most impressive client base around the world. Their major clients are Disney, Warner Brothers, FOX, HBO and a few more that add to the list. Freelanced as a Tech Service Analyst. My job role was to check the already subtitled files and match them up with the video according to each client's specifications. Had to do a run-through of the whole file and make sure the quality of the subtitles matched the client's specifications.
